

Providence Health Talk

The year in medicine from cancer vaccines to fish oil to Vitamin D

22nd annual presentation to the Alaska community

Get the latest information on healthy living and dietary supplements at our free community presentation by Mark Moyad, M.D., with a special emphasis on heart health and cancer prevention. Dr. Moyad will share the most current research on which supplements have proven to be effective in treating common health conditions.

This free Health Talk is presented by the Providence Cancer Center and is open to the public.

Presenter bio:

.....
